5. 011123-05 Discussion Item Review proposed refinements to SFERS Investment Policy Statement (IPS), Investment Guidelines (IG) and Manager Monitoring Policies

Documents provided to the Retirement Board prior to the current meeting: Staff Memorandum with attachments.

Alison Romano, CEO & CIO; Kurt Braitberg, Managing Director, Public Markets; Anna Langs, Managing Director, Asset Allocation Risk Management, Innovative Solutions; Tanya Kemp, Managing Director, Private Markets; and Allan Martin NEPC, provided an oral and written report on this item.

Investment policies are established to ensure prudent management of assets. Such policies set forth investment objectives and goals, including parameters for asset allocation, investment preferences and risk tolerances. Clear and concise investment policies enhance governance, support effective risk management, and improve the quality of decision making.

Staff undertook a thorough review of the existing SFERS Investment Policy Statement (IPS) and supporting Investment Guideline (IG) documents. Based on this review, Staff proposed editing the IPS and IG in order to achieve three key objectives: (1) Enhance the clarity and consistency of the policies, (2) Ensure all policies are current and (3) Improve risk management by introducing additional portfolio construction guardrails.

The Board's General Investment Consultant NEPC agreed with the proposed changes. Private Markets Consultant, Cambridge Associates, has reviewed the Private Market Investment Guidelines and Private Market Manager Monitoring Policy and also supported the changes.

Consistent with Board governance policies, investment policy and strategy topics are first discussed with the Investment Committee. The Board is ultimately responsible for approving any changes to the Investment Policy and Guidelines. Staff recommended, subject to future Board approval, that these policies replace the current IPS, prior investment portfolio guidelines and other related Board approved investment policies (e.g. manager monitoring). These documents, in additional to the Absolute Return guidelines, will then represent the complete collection of investment policy documents governing the total fund and each asset class.

The Committee reviewed and discussed the material and engaged in a question and answer session.
